CHANDRUVASAN S

SENIOR FULL-STACK DEVELOPER & CORPORATE TECHNICAL TRAINER

📍 Salem, Tamil Nadu, India 📧 chandruvasan65@gmail.com 📞 +91 9360530330

PROFESSIONAL SUMMARY

Versatile Senior Software Developer and Corporate Technical Trainer with extensive expertise in full-stack engineering, microservices architecture, and technical mentorship. Proven track record of architecting mission-critical platforms, including an LMS engineered to handle **2,000+ concurrent active students without downtime or performance degradation**. Adept at bridging technical development with instructional mastery—training hundreds of developers in Data Structures & Algorithms, modern JavaScript ecosystems (NestJS, React.js, Express.js), and high-throughput backend architecture.

TECHNICAL EXPERTISE

Languages & Runtimes:	**TypeScript**, JavaScript (ES6+), Node.js, C, C++, Core Java
Backend Architecture:	**NestJS**, **Express.js**, Microservices, REST APIs, Scalable Auth, Websockets
Frontend Ecosystem:	**React.js**, Vue.js, State Management, High-Performance UI Components
Databases & Ops:	**MongoDB** (Indexing, Aggregations, Performance Tuning), Jest, Git, CI/CD
Instructional Areas:	Data Structures & Algorithms, Full-Stack MERN/Nest Architecture, System Design

ALGORITHMIC MASTERY & PROBLEM SOLVING

DSA & Competitive Programming: Solved **≥ 500 Problems** across LeetCode and top global coding platforms.

Core Competencies: Dynamic Programming, Advanced Graph Theory, Trees, Recursion, System Design Optimization, and Computational Complexity.

PROFESSIONAL EXPERIENCE

Senior Software Developer & Technical Trainer — Tech Sign Solutions (TSS)

Jan 2024 – Present

Software Engineering & System Architecture:

- Architected and scaled the **TSS Learning Management System (LMS)** to seamlessly handle **2,000+ concurrent active students simultaneously** with zero downtime or performance degradation during high-stakes assessments.
- Engineered high-throughput backend microservices using **NestJS** and **Express.js**, implementing database connection pooling and query optimization in **MongoDB** for high concurrency.
- Built dynamic, responsive frontend user interfaces using **React.js**, ensuring reusability, optimized state management, and real-time student activity tracking.
- Implemented comprehensive unit and integration test coverage using **Jest**, enforcing reliable deployment pipelines and enterprise-grade code stability.

Corporate Technical Training & Mentorship:

- Lead technical instructor training engineering batches and students in **Data Structures & Algorithms (DSA)**, Full-Stack Web Development, and modern backend frameworks (**NestJS**, **Express.js**).
- Designed comprehensive hands-on curricula, live coding sessions, and real-world project scenarios, elevating students' problem-solving proficiency on platforms like LeetCode.
- Evaluated coding assessments, conducted detailed code reviews, and mentored aspiring software engineers to achieve industry-ready full-stack capabilities.

EDUCATION

B.E. in Electronics and Communication Engineering **2019 – 2023**

Bannari Amman Institute of Technology, Sathyamangalam, Erode

Academic Performance: **8.19 CGPA**

AREAS OF INTEREST & PROFESSIONAL STRENGTHS

- **Areas of Interest:** High-Throughput System Design, Advanced DSA Mentorship, Distributed Backend Engineering, Developer Enablement.
- **Key Strengths:** Technical Leadership, Technical Communication & Pedagogy, Scalable Architecture, Rapid Adaptability.

Date: August 12, 2026
